### Endangering the Law.

A report has obtained some of discord. credence that an extraordinary demand is about to be made of or through the Board of Education. Ordinarily such a statement would must be weighed seriously.

The demand is to the effect that tendent to recommend for appoint- the same way. ment as a building principal a former teacher whom that officer is not willing to nominate in the light of of the system.

effectually every such interference tial to Democratic success two years dour crepe in pink and white effect, and fined by the law.

was intended to accomplish nothing of the party. more surely than a distinct separasafeguard that division the law was made to provide that all appointments shall originate with the superintedent and be subject only to confirmation by the board. The right to initiate the selection of his subordinates was given to the superintendent for the express reason sible for the results obtained.

It is the judgment of The Times ing of a direction, from the board persons.

### Co-operation From the Court.

Health Officer Woodward to the party is shy of vitality. Commissioners on the inability of his inspectors to obtain a full enstand alone in the matter. Similar Pyrrhic sort. objections to the attitude of the court have been received by the Commissioners from time to time from practically every other department which maintains inspectors or is charged with the duty of enforcing regulations through actions

What the complaint is will be too extensive a literary work. clearly comprehended by the citizen who recalls the career of the Informations were filed numerously, believe it. Proof was adduced. Convictions were obtained. Yet considerable pressure had to be brought to bear upon the court-even to the extent of a letter to Congress from through all that again? the President-before "personal bonds" and minimum fines could be

supplanted by real punishments. It is not the smoke law which is involved now. It is a law designed to safeguard the health of the community by prescribing proper sanitary conditions and if the Health Officer is seconded by the Police Cases are made here, too, and concoming more and more difficult.

quoted as making answer to this its strategic value are gone forever

That this has been the case in the past, there is only too much reason to believe.

Senor F. Alonzo Pezet, at one time first secretary of the Peruvian legation in Washington, but now charge d'affaires for Feru in Central America and Panama, who is now in New York with Miss. Pezet, a sprightly little goldentary in his home State, and whether or not the national Democratic party should be utterly divided, with Hearst's ambition as the apple of discord.

The Empire State is the political storm center. Nothing that is happening in any other State is worth while. Yesterday's issues were, whether or not President Roosevelts should be able to dominate the party in his home State, and whether or not the national Democratic party should be utterly divided, with Hearst's ambition as the apple of discord.

The Empire State is the political storm center. Nothing that is happening in any other State is worth while. Yesterday's issues were, whether or not President Roosevelt should be able to dominate the party in his home State, and whether or not the national Democratic party should be utterly divided, with Hearst's ambition as the apple of discord.

The President won in his party, and seemingly Hearst won in his struggle to control Democracy.

The Empire State is the political storm center. Nothing that is happening in any other State is worth while. Yesterday's issues were, whether or not the about leaving there for Panama, that he may meet the President and party upon their visit to the isthmus.

Mr. Pezet's grandfather was President of Peru, and he comes of a noted family of scholars. He left Washington sevult to the isthmus.
